Chicago Loud 9 Release Official Video for “Fresher”

Chicago Loud 9 turns up the heat for the first release off their new album *REASON* with the official music video for *Fresher*. *Fresher* captures the energy and diversity of sounds that Chicago Loud 9 has garnered a name for. The Jayy Wills-directed scenes filmed in the Chicago Neighborhood of Pilsen were conceptualized with the energy and colorful sounds of the band in mind. The live shots were taken during one of the bands performances at Emporium in Wicker Park and captures the relationship between the crowd and the energy of the song.

Chicago Loud 9 (aka: cLOUD9) “merges an intense post-alternative rock experience with sounds from many past decades, blending styles of hip-hop, funk, reggae, and indie rock with other influences from punk, blues and jazz. The 9-piece hip-hop /rock/pop ensemble also finds inspiration from contemporary artists such as the Roots, Black Keys, and Outkast”! -*M1U Radio*

This song is a staple in Chicago Loud 9’s live shows, with dates across the Midwest including a show on Cinco De Mayo at Rhyme or Reason in Wicker Park. They will also be headlining the Legacy of Giving Festival in Springfield Illinois this Summer, with their Album Release Party set for June 16th at 1st Ward (Chop Shop).

cLOUD9 consists of:

Dhan Dee (Emcee), Aya (Vocalist), Chad Wynes (Guitarist), Ivan Pyzow (Trumpet/Keys/Vocals), Brandon Stephens (Bass), Kyle Voivodas (Drums), and Peter Kourkouvis (Saxophone).
